

Masterhouse at the water

€ 1.080.000

Lange Schipstraat 48, 2800 Mechelen

 4  414 m²

This unique property is now offered casually with a large part in the front of the house arranged as 2 apartments and a double warehouse hidden behind.

The surfaces and the typical style to be respected offer so many possibilities to live privately "with water view" or to seek a great combo between office / liberal profession / workshop & exceptional living.

A south-west orientation is ideal to enjoy sun & light.

Based on preliminary discussions with the building department, a design was created with an architect. (This plan could be submitted immediately).

Appointment can be made at the office for detailed discussion.
